StagQuest: How to Play

StagQuest is a 9-day solo or small-group card game to build virtue and resist addiction, inspired by a novena. Grow your Stag's Family Strength with two decks: Virtue (daily draws) and Temptation (challenges on days 3, 6, 9).

How to Play:

1. **Setup:** Print and cut out the Virtue Deck (18 cards), Temptation Deck (5 cards), and Stag Pouch sheet.
2. **Start:** Shuffle both decks separately. Set your Stag Pouch with two slots: one for Virtue Cards, one for Temptation Cards.
3. **Daily Draw:** Each day, draw 2 Virtue Cards from the Virtue Deck. Complete their tasks (pray, reflect, act).
4. **Temptation Test:** On days 3, 6, and 9, draw 1 Temptation Card. Resist it (say 'Y') or lose a day's progress (say 'N').
5. **Track Your Quest:** For each successful day (tasks completed and Temptation resisted), place a Virtue Card in the Virtue Pouch. If you fail, place a Temptation Card in the Temptation Pouch.
6. **Win:** After 9 days, if your Virtue Pouch has 9 cards and your Temptation Pouch has 0, increase Family Strength by 1 and claim your Virtuous Stag badge!

Tips: Personalize your Stag Pouch or cards with drawings (e.g., antlers). Join our Discord or support the cause via the QR codes on the cover!
