StagQuest: How to Play

StagQuest is a 9-day solo or small-group card game to build virtue and resist addiction, inspired by a novena. Grow your Stag's Family Strength with the Virtue Deck (daily draws).

How to Play:

1. Setup: Print and cut out the Virtue Deck (22 cards) and Stag Pouch sheet.
2. Start: Shuffle the Virtue Deck. Set your Stag Pouch with two slots: Virtue and Temptation.
3. Daily Draw: Each day, draw 1 Virtue Card. Complete its task (pray, reflect, act).
4. Track Your Quest: If you succeed, place the Virtue Card in the Virtue Pouch. If you fail, place it in the Temptation Pouch.
5. Win: After 9 days, if your Virtue Pouch has 9 cards and Temptation Pouch has 0, claim your Virtuous Stag badge!

Tips: Personalize your Stag Pouch or cards with drawings (e.g., antlers). Join our Discord or support the cause via the QR codes!
